Apple Playschools believes that all children have the right to receive high quality early childhood education. As part of our mission, we provide income-based scholarships for qualifying families. Families may request a scholarship application from their Program Director. We also make it a priority to provide sustainable, supportive employment that keeps our talented and dedicated teachers in our classrooms. Having a robust scholarship fund gives us the opportunity to provide scholarships to families outside of our established child care benefit for qualifying employees. Please consider making a tax-deductible donation by becoming a subscriber to our monthly sustainer program. All proceeds will go exclusively to our scholarship fund.

I would like to be a monthly sustainer to support Apple Playschools' scholarships!
